Subset

15. [] LIAISON Talked several times with Martha MacDonald, Senate Select Committee on Intelligence staff, and made arrangements for the Director to meet alone with Senator Birch Bayh (D., Ind.), Committee Chairman, on 4 May at 4:30 p.m. and changed the scheduled day for this week's substantive intelligence briefing from 2 May to 5 May.

16. [] Received a call from Bill Miller, Staff Director, Senate Select Committee on Intelligence, who said the Committee had been requested to look at intelligence reporting on the recent situation in Afghanistan including the Communist coup. He asked that this topic be addressed at the substantive intelligence briefing scheduled for 5 May and also indicated there would be a quality of intelligence study on this subject.

17. [] Received a call from Len Weiss, Staff Director, Subcommittee on Energy, Nuclear Proliferation and Federal Services, Senate Committee on Governmental Affairs. Weiss cited the President's recent decision to sell nuclear material to India, reversing the Nuclear Regulatory Commission decision on this point. Weiss indicated Congress had authority to overturn the decision and his Subcommittee would like a briefing on India's nuclear capability, especially its nuclear weapons capability. Weiss indicated the Subcommittee Chairman, Senator John Glenn (D., Ohio) might be a recipient of the briefing.

18. [] LIAISON Received a call from Dan Childs, Senate Select Committee on Intelligence staff, returning my call of 28 April. I explained to Childs the Agency's concern about the requirement in the FY-1979 NFIP authorization report for a report on clandestine collection. Childs seemed perturbed at this view, stating the alternative was the Committee staff itself could conduct such a study.

19. [] LIAISON Sent a copy of a statement regarding CIA tours to Helen Hadacek, in the office of Representative Mary Rose Oakar (D., Ohio), per her request.
